About Telix Pharmaceuticals Limited

Telix Pharmaceuticals Limited ("Telix", the "Company") is an Australian public Company (ASX:TLX) headquartered in Melbourne with operations in Europe, the US and Japan. Our mission is to be a leading, global biopharmaceutical Company in the field of "theranostic" radiopharmaceuticals and the Company is currently developing a mid-late stage pipeline of products in oncology and rare diseases.

Description

The Marketing Manager EMEA works in collaboration with the Global Head of Marketing and Vice President of Sales EMEA to focus on developing and executing global marketing plans. The main focus is on market development, product positioning, market penetration, product launches, marketing training, key opinion leader development, management and trade show execution. The position also includes market intelligence research and strategizing in collaboration with the sales team to capture and broaden market share in existing and potential markets and drive revenue growth.

Location is negotiable though candidates must be flexible with working hours to facilitate successful collaboration with global colleagues.

In addition to leading marketing strategy development and execution for the region, responsibilities will also include marketing budget oversight, development of EMEA-focused marketing materials and overall market assessment. The incumbent will also hold responsibility for working with external stakeholders, including key partners.

To be considered for the role, candidates must hold a relevant bachelor's degree and progressive experience in a medical /pharmaceutical marketing/business management role.

Radiopharmaceutical / Oncology sales & marketing experience is required though an Oncology background is preferred. Nuclear experience is a huge bonus! Candidates must also have successfully led new product launches and performed market development activities and possess strong communication and project management skills.

Fluency in English is a must and language skills in French and/or German is a bonus.

This is an exciting time for Telix! Come join us on our mission is to help patients with cancer live longer, better quality of lives.

No agency submissions will be considered for this role.
