About Telix Pharmaceuticals Limited

Telix is an Australian public company (ASX: TLX) headquartered in Melbourne with international operations in Europe, the US and Japan. Our vision is to be a leading, global biopharmaceutical company in the field of “theranostic” radiopharmaceuticals and we are currently developing a portfolio of clinical-stage products that address significant unmet medical needs in oncology and rare diseases.

Description

This newly created role in the Telix organisation will act as a trusted business partner for Telix EMEA and join the EMEA Leadership Team to enable the delivery of the business strategy. Working collaboratively with the EMEA team and HQ, the role will implement Global People Strategies, tailored to regional needs, providing operational assistance and overseeing the administration and support to Telix employees. This is a high visibility role reporting to the Global Chief People Officer with dotted line to the President EMEA.

We are searching for a passionate HR generalist who will hold full accountability for generalist activities and offer full HR partnership and guidance to leaders and employees within the region. Accountabilities include, but are not limited to:

- Providing advice, day-to-day support and capability building to managers on various HR queries including generalist HR, policy and payroll enquires, performance management and employee relations
- Workforce plans and all stages of employee lifecycle, from onboarding onwards
- Governance and risk awareness for the Group
- Facilitating team effectiveness techniques including measures and workshops
- Recommending, championing and maintaining policies, procedures & position descriptions
- Contributing to, developing and implementing global People systems for the region
- Participating as a key member of the global P&C team, to deliver its mission and vision and uphold its reputation and agreed behaviours
- Reporting on HR measures as required
- Participating in cross functional people and culture activities to support others in the team to share knowledge and resources.

To be considered for the role, candidates must have tertiary qualifications in HR or a related discipline and proven, progressive generalist experience. Desirable attributes include agility, a can-do attitude, openness and reliance. Demonstrable skills required include strong communication and interpersonal skills, confidence and experience with conflict management and difficult conversations and, effective business partnering ability.

This is an exciting time for Telix. Come join us on our mission to help patients with cancer live longer, better quality lives!

No agency submissions will be considered.
