About Telix Pharmaceuticals Limited

Telix Pharmaceuticals Limited ("Telix", the "Company") is an Australian public Company (ASX:TLX) headquartered in Melbourne with operations in Europe, the US and Japan. Our mission is to be a leading, global biopharmaceutical Company in the field of "theranostic" radiopharmaceuticals and the Company is currently developing a mid-late stage pipeline of products in oncology and rare diseases.

Description

We are seeking a passionate finance leader in this newly created position to contribute to the achievement of the company's strategic goals through the planning, implementation, managing and running of all finance activities across the Americas.

Reporting directly to the *President Americas* and the *Group CFO*, the CFO Americas will hold responsibility for business planning, budgeting, forecasting and negotiations. In addition to overseeing all finance activities, the successful candidate will provide leadership and direction to the finance and accounting team and, strategic recommendations to the Regional President and members of the Regional executive management team. This is a great opportunity for someone seeking a new challenge to design and implement processes, procedures, systems, and business disciplines necessary to advance the business as it matures.

The role, though evolving, will also hold responsibility for:

- Managing the processes for financial forecasting and budgets and overseeing the preparation of all financial reporting
- Managing the Treasury and Cashflow requirements of the Region
- Assisting the commercial operations of the Region with any finance related activities and supporting the successful commercial launch of all products
- Managing all tax and transfer pricing related activities in the Region
- Identifying and leading the implementation of strategic corporate financial initiatives, including business development plans and identification of potential opportunities for collaboration, acquisition, and equity participation.
- Establishing and fostering relations with internal stakeholders and external partners.

To be considered, candidates should hold a Bachelors' degree (or higher) in a relevant discipline and an accounting designation such as CA or CPA. Progressive and demonstrable experience in public practice and/or commercial corporate is required as well as strong, technical expertise in accounting standards (IFRS, GAAP), SOX compliance and SEC reporting. Experience working with ERP (preferably SAP) will be highly regarded. Those with knowledge in biotechnology or pharmaceuticals – bonus!

Applications must include a cover letter.

Agency support is not required for this role and no submissions will be considered.
