About Telix Pharmaceuticals Limited

Telix Pharmaceuticals Limited ("Telix", the "Company") is an Australian public Company (ASX:TLX) headquartered in Melbourne with operations in Europe, the US and Japan. Our mission is to be a leading, global biopharmaceutical Company in the field of "theranostic" radiopharmaceuticals and the Company is currently developing a mid-late stage pipeline of products in oncology and rare diseases.

Description

Telix is expanding and we are on the hunt for a *Director of Market Access* who will be lead the vision, strategy and necessary investment to achieve the company's market access objectives. This role will collaborate with cross-functional leaders, including Marketing, Legal, Compliance, Medical Affairs, Human Resources, Regulatory, and others to drive strategies and supportive tactics for the Market Access team. This individual will develop payer, provider, and patient engagement strategies for the business.

It is imperative the candidate possesses expert level knowledge of company products and services. An ability to dissect complex issues will be critical as well as strong commercial judgment to ensure the right methods, techniques and evaluation criteria are implemented for managing market access challenges and obtaining results. Other key accountabilities for the role will include:

- Continuously build knowledge of current industry trends, payer landscape and proactively monitor and engage on relevant government and/or payer policy
- Establishing a strong market access network with payers and providers as a subject matter expert to gain accelerated access to key decision makers and influencers.
- Delivering strategic business reviews to senior leaders
- Educating commercial payers and Radiology Business Managers on Telix products and categories.

Location is negotiable though travel is expected up to 50% of the time but to be considered, candidates must have:

- A tertiary degree, preferably in Science, Healthcare, Regulatory or a Business-related field
- Progressive and relevant Market Access experience (national, regional, and/or local including state Medicaid programs) and a solid understanding of key payer organizations (both Commercial and Medicare)
- Knowledge and experience working with coding and billing.
- A strong understanding of the current and emerging global Market Access environment in Oncology, Urology and Nuclear Medicine.

This is an exciting time for Telix. Come join us on our mission is to help patients with cancer live longer, better quality of lives.

No agency submissions will be considered for this role.
