### About Us

Telix Pharmaceuticals Limited (Telix) is an Australian public Company (ASX: TLX) headquartered in Melbourne with operations in Europe, the United States and Japan. Telix's mission is to be the leading, global radiopharmaceutical company in the field of "theranostic" medicine and the Company is currently developing an extensive early through to commercial stage pipeline of products in prostate, kidney and brain cancer.

### About the Role

As a key member of the EMEA Commercial team, the Marketing Coordinator will actively contribute to the management and implementation of Marketing projects and programs to engage Healthcare Professionals (HCPs), Distribution Partners and Patients. This role will partner with key cross-functional teams to develop and deploy marketing programs across multiple channels. The successful incumbent will be tasked to:

- Develop, manage, and execute marketing projects and programs
- Support commercial launch activities: develop and execute launch plans, media plans and tactical implementation plans
- Support HCP engagement across all channels including Key Opinion Leader (KOL) relationship management and tactical implementation of HCP directed campaigns
- Partner with Sales and Medical to support medical society meetings objectives
- Drives medical congresses partnerships and projects execution (EMUC, ESMO, EANM, etc)
- Manage Creative/Marketing Agency relationships to support the execution of projects.

### About You

You hold a Bachelors degree in a related field and have demonstrated experience within Healthcare Marketing and a strong understanding of scientific and medical concepts. You have a global mindset and enjoy working with cross-functional teams. Your written skills and ability to work effectively in a matrix organization are en pointe. Experience supporting field sales and marketing organizations, particularly the development of effective selling materials, is also required to be successful in this role. You are confident in managing internal/external networks, consultants and agency partners. You are proficient in English and may even speak other languages (please highlight this in your application).

### Why work at Telix?

We are a dynamic, fast-growing biopharmaceutical company working towards a shared mission: to help patients with cancer live longer, better quality lives. This is an exciting time for Telix and we are looking for like-minded, passionate professionals to join us on the journey.

Agency support is not required for this role and no submissions will be considered.
