Job Description: Senior QC – CMC Specialist

Type: Full Time

Location: Liege - Belgium

Date: Immediate

About Telix Pharmaceuticals Limited

Telix Pharmaceuticals Limited (“Telix”, the “Company”) is an Australian public Company (ASX:TLX) headquartered in Melbourne with operations in Europe, the US and Japan. Our mission is to be a leading, global biopharmaceutical Company in the field of “theranostic” radiopharmaceuticals and the Company is currently developing a mid-late stage pipeline of products in oncology and rare diseases.

Description

Located in Liege, Belgium and reporting to the local QC manager, the primary responsibility of this role will be to participate in the development of Quality Control activities and writing of CMC sections of Marketing Authorization for new product developments. Responsibilities will also include participation in routine QC operations for clinical and commercial productions in accordance with GMP.

Key accountabilities for the role include:

1. Participation in the development and validation of analytical methods (in collaboration with external laboratories or in-house)
2. Management of activities outsourced to external laboratories
3. Development of raw material and product specifications
4. Establishing and managing stability studies
5. Participation in the writing of CMC sections of marketing authorization files
6. Participation in routine QC testing
7. Participation in management of QC material (consumables and chemicals) and laboratory equipment (maintenance, calibration, qualification, requalification)
9. Management of deviations, out-of-specification results, and the implementation of corrective and preventive actions
10. Writing and updating Quality Control procedures

To be considered for the role, applicants require education in a related field (chemistry, pharmacy or biochemistry) and a sound understanding of GMP and QMS. Experience in radiopharmaceuticals or radiochemistry is an asset. Fluency in English and French is mandatory.

Agency support is not required for this role and no submissions will be considered. Applications must be in English.

For further details and information pertaining to compensation for the role, as well as expressions of interest, please contact Telix People and Culture at: employment@telixpharma.com
